

G7 BLUETOOTH ACCESSORIES

G7 supports hands-free Bluetooth accessories for streamlined two-way voice communications, including push-to-talk (PTT) capability.

While you may choose to use almost any Bluetooth accessory with a hands free profile, the Blackline team has tested and approved the following for G7 PTT.

	Device name	Intrinsically safe?	PTT transmission*	Supports PTT audio	Supports voice call audio
	BTH-600-ZU		G7 latch + PTT button	●	●
	Wandfu Speakermic		G7 latch + PTT button	●	●
	Sensear SM1P /B	●	G7 latch + PTT button	●	●
	2talk Pro-M	●	G7 latch only	●	●
	BlueParrott B450-XT		G7 latch only	●	●
	Plugfones		G7 latch only	●	●
	3M Worktunes		G7 latch only	●	●

*Indicates if the accessory's PTT button or G7's latch is used to facilitate the transmission
